

## Product Datasheet

### Rat ALAS1 ELISA Kit (orb1197012)

|                            |                                                        |
|----------------------------|--------------------------------------------------------|
| <b>Description</b>         | Rat Aminolevulinate Delta Synthase 1 (ALAS1) ELISA Kit |
| <b>Reactivity</b>          | Rat                                                    |
| <b>Range</b>               | 0.781-50ng/mL                                          |
| <b>Tested Applications</b> | ELISA                                                  |
| <b>Note</b>                | For research use only                                  |
| <b>Application notes</b>   | sandwich                                               |
| <b>Sample Types</b>        | tissue homogenates or other biological fluids.         |
| <b>Uniprot ID</b>          | <b>P13195</b>                                          |
| <b>Sensitivity</b>         | 0.36ng/mL                                              |
| <b>Entrez</b>              | <b>65155</b>                                           |
| <b>Expiration Date</b>     | Please enquire.                                        |
