# Human Pest Proteolytic Signal-containing Nuclear Protein ELISA Kit (orb1209576)

|                            |                                                                          |
|----------------------------|--------------------------------------------------------------------------|
| <b>Description</b>         | Human Pest Proteolytic Signal-containing Nuclear Protein, PCNP ELISA Kit |
| <b>Reactivity</b>          | Human                                                                    |
| <b>Range</b>               | 15-3000ng/L                                                              |
| <b>Tested Applications</b> | ELISA                                                                    |
| <b>Target</b>              | PCNP                                                                     |
| <b>Storage</b>             | 2-8°C                                                                    |
| <b>Note</b>                | For research use only                                                    |
| <b>Application notes</b>   | Sandwich                                                                 |
| <b>Sample Types</b>        | Serum, plasma, cell culture supernates                                   |
| <b>MW</b>                  | 18,925                                                                   |
| <b>Uniprot ID</b>          | <b>Q8WW12</b>                                                            |
| <b>Solubility (25°C)</b>   | 3200ng/L                                                                 |
| <b>Sensitivity</b>         | 7.31ng/L                                                                 |
| <b>Entrez</b>              | <b>57092</b>                                                             |
| <b>Expiration Date</b>     | Please enquire.                                                          |
