

## Product Datasheet

### GNE antibody (orb128120)

|                            |                                                                                                         |
|----------------------------|---------------------------------------------------------------------------------------------------------|
| <b>Description</b>         | Rabbit polyclonal antibody to GNE which is highly expressed in liver and placenta and also found in ... |
| <b>Species/Host</b>        | Rabbit                                                                                                  |
| <b>Reactivity</b>          | Human, Mouse, Rat                                                                                       |
| <b>Conjugation</b>         | Unconjugated                                                                                            |
| <b>Tested Applications</b> | IHC, WB                                                                                                 |
| <b>Immunogen</b>           | C-terminal                                                                                              |
| <b>Concentration</b>       | 1mg/ml                                                                                                  |
| <b>Note</b>                | For research use only                                                                                   |
| <b>Clonality</b>           | Polyclonal                                                                                              |
| <b>Uniprot ID</b>          | <b>Q9Y223</b>                                                                                           |
| <b>Dilution Range</b>      | WB: 1:500-1:3000, IHC-P: 1:50-1:100, ELISA: 1:5000                                                      |
| <b>Expiration Date</b>     | 12 months from date of receipt.                                                                         |
