

Product Datasheet

TJP3 antibody (orb131876)

Description	Rabbit polyclonal to TJP3. Tight junction protein 3 (TJP3) is a member of the membrane-associated gu
Species/Host	Rabbit
Reactivity	Human
Conjugation	Unconjugated
Tested Applications	WB
Immunogen	C-terminal region of human TJP3
Preservatives	0.01% NaN3
Concentration	100 μg/ml BSA
Storage	-20°C
Note	For research use only
Application notes	WB: The apparent protein size on WB may be different from the calculated M.W. due to modifications.
Application notes	different from the calculated M.W. due to
Application notes Clonality	different from the calculated M.W. due to modifications. Experiment Notes: Rabbit polyclonal antibodies were produced by immunizing animals with a GST-fusion protein containing the
	different from the calculated M.W. due to modifications. Experiment Notes: Rabbit polyclonal antibodies were produced by immunizing animals with a GST-fusion protein containing the C-terminal region of human TJP3.
Clonality	 different from the calculated M.W. due to modifications. Experiment Notes: Rabbit polyclonal antibodies were produced by immunizing animals with a GST-fusion protein containing the C-terminal region of human TJP3. Polyclonal
Clonality Purity	 different from the calculated M.W. due to modifications. Experiment Notes: Rabbit polyclonal antibodies were produced by immunizing animals with a GST-fusion protein containing the C-terminal region of human TJP3. Polyclonal Affinity purification
Clonality Purity MW	 different from the calculated M.W. due to modifications. Experiment Notes: Rabbit polyclonal antibodies were produced by immunizing animals with a GST-fusion protein containing the C-terminal region of human TJP3. Polyclonal Affinity purification 103
