

## Product Datasheet

### METT5D1 (METTL15) Human Over-expression Lysate (orb1341349)

|                        |                                                                                                         |
|------------------------|---------------------------------------------------------------------------------------------------------|
| <b>Description</b>     | Transient overexpression lysate of methyltransferase 5 domain containing 1 (METT5D1), transcript var... |
| <b>Target</b>          | METTL15                                                                                                 |
| <b>Note</b>            | For research use only                                                                                   |
| <b>Uniprot ID</b>      | <b>A6NJ78</b>                                                                                           |
| <b>Expiration Date</b> | 6 months from date of receipt.                                                                          |
