

## Product Datasheet

### PHF11 antibody (orb153646)

|                            |                                                                                                                                                                                         |
|----------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Description</b>         | Goat polyclonal antibody to PHF11                                                                                                                                                       |
| <b>Species/Host</b>        | Goat                                                                                                                                                                                    |
| <b>Reactivity</b>          | Human                                                                                                                                                                                   |
| <b>Conjugation</b>         | Unconjugated                                                                                                                                                                            |
| <b>Tested Applications</b> | ELISA, WB                                                                                                                                                                               |
| <b>Target</b>              | PHF11                                                                                                                                                                                   |
| <b>Preservatives</b>       | Supplied at 0.5 mg/ml in Tris saline, 0.02% sodium azide, pH 7.3 with 0.5% bovine serum albumin. Aliquot and store at -20°C. Minimize freezing and thawing.                             |
| <b>Storage</b>             | Aliquot and store at -20°C. Minimize freezing and thawing.                                                                                                                              |
| <b>Note</b>                | For research use only                                                                                                                                                                   |
| <b>Application notes</b>   | WB: Approx 37 kDa band observed in nuclear lysates of cell lines Daudi, Jurkat and Jurkat (calculated MW of 37.6 kDa according to NP_001035533.1). Recommended concentration: 1-3 µg/ml |
| <b>Protein Sequence</b>    | KIHASQQRWQQLKE                                                                                                                                                                          |
| <b>Clonality</b>           | Polyclonal                                                                                                                                                                              |
| <b>MW</b>                  | 37.6; 33.5                                                                                                                                                                              |
| <b>Entrez</b>              | <a href="#">51131</a>                                                                                                                                                                   |
| <b>Dilution Range</b>      | ELISA: 1:16000, WB: 1-3 µg/ml                                                                                                                                                           |
| <b>Expiration Date</b>     | 12 months from date of receipt.                                                                                                                                                         |

Western blot analysis of Daudi
