

Product Datasheet

Bovine CKM/Creatine kinase M-type ELISA Kit (orb1662137)

Description	Bovine CKM/Creatine kinase M-type ELISA Kit
Reactivity	Bovine
Tested Applications	ELISA
Note	For research use only
Application notes	Detect Range: 0.625-40 ng/mL. Sensitivity: 0.38 ng/mL. Assay Type: Sandwich. Assay Time: 3-5 h. Detection wavelength: 450 nm. Gene_full_name: CKM. Sample Volume: 100 µL. Sample Type: Serum, plasma, tissue homogenates and other biological fluids.
Expiration Date	Please enquire.
