

## Product Datasheet

### Pamidronic acid (orb1745286)

|                        |                                                                                                                |
|------------------------|----------------------------------------------------------------------------------------------------------------|
| <b>Description</b>     | Pamidronic acid Leads to Bone Necrosis via Suppression of Wnt/ $\beta$ -Catenin Signaling in Human Bone Mar... |
| <b>Note</b>            | For research use only                                                                                          |
| <b>Formula</b>         | $C_3H_{11}NO_7P_2$                                                                                             |
| <b>Purity</b>          | 98.00%                                                                                                         |
| <b>MW</b>              | 235.07                                                                                                         |
| <b>CAS Number</b>      | 40391-99-9                                                                                                     |
| <b>SMILES</b>          | <chem>C(P(=O)(O)O)(P(=O)(O)O)(CCN)O</chem>                                                                     |
| <b>Expiration Date</b> | 12 months from date of receipt.                                                                                |
