

## Product Datasheet

### AEBSF-hydrochloride (orb198462)

|                        |                                                                        |
|------------------------|------------------------------------------------------------------------|
| <b>Description</b>     | AEBSF HCl is a broad spectrum, irreversible serine protease inhibitor. |
| <b>Note</b>            | For research use only                                                  |
| <b>Formula</b>         | $C_8H_{10}NO_2FS.HCL$                                                  |
| <b>MW</b>              | 239.69484                                                              |
| <b>CAS Number</b>      | [30827-99-7]                                                           |
| <b>SMILES</b>          | <chem>O=S(C1=CC=C(CCN)C=C1)(F)=O.[H]Cl</chem>                          |
| <b>Expiration Date</b> | 12 months from date of receipt.                                        |
