

## Product Datasheet

### CEBPA (phospho-S193) antibody (orb215453)

|                            |                                                                                                                                                     |
|----------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Description</b>         | Rabbit polyclonal antibody to CEBPA                                                                                                                 |
| <b>Species/Host</b>        | Rabbit                                                                                                                                              |
| <b>Reactivity</b>          | Mouse, Rat                                                                                                                                          |
| <b>Conjugation</b>         | Unconjugated                                                                                                                                        |
| <b>Tested Applications</b> | WB                                                                                                                                                  |
| <b>Immunogen</b>           | KLH-conjugated synthetic phosphopeptide corresponding to residues surrounding S193 of human C/EBP alpha protein. The exact sequence is proprietary. |
| <b>Target</b>              | CEBPA                                                                                                                                               |
| <b>Preservatives</b>       | Liquid in 0.42% Potassium phosphate, 0.87% Sodium chloride, pH 7.3, 30% glycerol, and 0.01% sodium azide.                                           |
| <b>Form/Appearance</b>     | Liquid in 0.42% Potassium phosphate, 0.87% Sodium chloride, pH 7.3, 30% glycerol, and 0.01% sodium azide.                                           |
| <b>Storage</b>             | Shipped at 4°C. Upon delivery aliquot and store at -20°C for one year. Avoid freeze/thaw cycles.                                                    |
| <b>Note</b>                | For research use only                                                                                                                               |
| <b>Clonality</b>           | Polyclonal                                                                                                                                          |
| <b>Source</b>              | Rabbit                                                                                                                                              |
| <b>Uniprot ID</b>          | <b>P53566, P05554</b>                                                                                                                               |
| <b>Entrez</b>              | <b>12606, 24252</b>                                                                                                                                 |
| <b>Dilution Range</b>      | WB: 1-500-1-1000                                                                                                                                    |
| <b>Expiration Date</b>     | 12 months from date of receipt.                                                                                                                     |

Western blot analysis of C/EBP alpha (Phospho-S193) antibody.
