

## Product Datasheet

### Beta-defensin 14 antibody (orb240854)

|                            |                                                               |
|----------------------------|---------------------------------------------------------------|
| <b>Description</b>         | Beta-defensin 14 antibody                                     |
| <b>Species/Host</b>        | Rabbit                                                        |
| <b>Reactivity</b>          | Mouse, Rat                                                    |
| <b>Conjugation</b>         | Unconjugated                                                  |
| <b>Tested Applications</b> | ELISA, WB                                                     |
| <b>Immunogen</b>           | Recombinant Mouse Beta-defensin 14 protein (23-67AA)          |
| <b>Target</b>              | Defb14                                                        |
| <b>Preservatives</b>       | Preservative: 0.03% Proclin 300. Constituents: 50% Glycerol   |
| <b>Form/Appearance</b>     | Liquid                                                        |
| <b>Storage</b>             | Upon receipt, store at -20°C or -80°C. Avoid repeated freeze. |
| <b>Note</b>                | For research use only                                         |
| <b>Isotype</b>             | IgG                                                           |
| <b>Clonality</b>           | Polyclonal                                                    |
| <b>Uniprot ID</b>          | <b>Q7TNV9</b>                                                 |
| <b>Expiration Date</b>     | 12 months from date of receipt.                               |
