

## Product Datasheet

### Mycoplasma hyopneumoniae 46 kDa surface antibody (HRP) (orb243577)

|                            |                                                                                |
|----------------------------|--------------------------------------------------------------------------------|
| <b>Description</b>         | Mycoplasma hyopneumoniae 46 kDa surface antibody (HRP)                         |
| <b>Species/Host</b>        | Rabbit                                                                         |
| <b>Reactivity</b>          | Bacteria                                                                       |
| <b>Conjugation</b>         | HRP                                                                            |
| <b>Tested Applications</b> | ELISA                                                                          |
| <b>Immunogen</b>           | Recombinant Mycoplasma hyopneumoniae 46 kDa surface antigen protein (28-416AA) |
| <b>Target</b>              | p46                                                                            |
| <b>Preservatives</b>       | Preservative: 0.03% Proclin 300.<br>Constituents: 50% Glycerol                 |
| <b>Form/Appearance</b>     | Liquid                                                                         |
| <b>Storage</b>             | Upon receipt, store at -20°C or -80°C. Avoid repeated freeze.                  |
| <b>Note</b>                | For research use only                                                          |
| <b>Isotype</b>             | IgG                                                                            |
| <b>Clonality</b>           | Polyclonal                                                                     |
| <b>Uniprot ID</b>          | <b>P0C0J8</b>                                                                  |
| <b>Expiration Date</b>     | 12 months from date of receipt.                                                |
