

## Product Datasheet

### CD14 antibody (orb243893)

|                            |                                                               |
|----------------------------|---------------------------------------------------------------|
| <b>Description</b>         | CD14 antibody                                                 |
| <b>Species/Host</b>        | Mouse                                                         |
| <b>Reactivity</b>          | Human                                                         |
| <b>Conjugation</b>         | Unconjugated                                                  |
| <b>Tested Applications</b> | ELISA, IHC                                                    |
| <b>Immunogen</b>           | Recombinant CD14 Protein                                      |
| <b>Target</b>              | CD14                                                          |
| <b>Preservatives</b>       | Preservative: 0.03% Proclin 300. Constituents: 50% Glycerol   |
| <b>Form/Appearance</b>     | liquid                                                        |
| <b>Storage</b>             | Upon receipt, store at -20°C or -80°C. Avoid repeated freeze. |
| <b>Note</b>                | For research use only                                         |
| <b>Isotype</b>             | IgG2b                                                         |
| <b>Clonality</b>           | Monoclonal                                                    |
| <b>Uniprot ID</b>          | <b>P08571</b>                                                 |
| <b>Dilution Range</b>      | Recommended dilution:IHC-P:1:50-1:500                         |
| <b>Expiration Date</b>     | 12 months from date of receipt.                               |
