

LIPF antibody (orb247741)

Western blot analysis of LPI in various tissues. The blot shows bands for LPI in MCP-7, Mouse small intestine, Mouse lung, Mouse liver, Mouse testis, Mouse stomach, Rat kidney, and Rat testis. Molecular weight markers are indicated on the left (130KD, 100KD, 70KD, 55KD, 40KD, 35KD). The LPI band is visible in all lanes, with varying intensity.
