

## Product Datasheet

### Avibactam sodium (orb315441)

|                        |                                                                               |
|------------------------|-------------------------------------------------------------------------------|
| <b>Description</b>     | Avibactam sodium(NXL-104) is a non-β-lactam β-lactamase inhibitor antibiotic. |
| <b>Note</b>            | For research use only                                                         |
| <b>Formula</b>         | $C_7H_{10}N_3NaO_6S$                                                          |
| <b>MW</b>              | 287.2256                                                                      |
| <b>CAS Number</b>      | [1192491-61-4]                                                                |
| <b>SMILES</b>          | <chem>O=C1N(OS(=O)(O[Na])=O)[C@H]2CN1[C@H](C(N)=O)CC2</chem>                  |
| <b>Expiration Date</b> | 12 months from date of receipt.                                               |
