

## Product Datasheet

### Rosiglitazone Maleate (orb322792)

|                           |                                                                                                                                                                                      |
|---------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Description</b>        | Rosiglitazone Maleate                                                                                                                                                                |
| <b>Storage</b>            | Storage Temp: Ambient                                                                                                                                                                |
| <b>Note</b>               | For research use only                                                                                                                                                                |
| <b>Formula</b>            | $C_{18}H_{19}N_3O_3S \cdot C_4H_4O_4$                                                                                                                                                |
| <b>Purity</b>             | ≥98%                                                                                                                                                                                 |
| <b>MW</b>                 | 473.51                                                                                                                                                                               |
| <b>CAS Number</b>         | 155141-29-0                                                                                                                                                                          |
| <b>SMILES</b>             | <chem>CN(CCOC1=CC=C(C=C1)CC2C(=O)NC(=O)S2)C3=CC=CC=N3.C(=CC(=O)O)C(=O)O</chem>                                                                                                       |
| <b>Solubility (25°C)</b>  | Readily soluble in ethanol and in buffered aqueous solutions with a pH of 2.3.                                                                                                       |
| <b>Hazard Information</b> | Chemical Hazard Code: Xn. UN Number: UN number: 3077 Class: 9<br>Packing Group: III Proper shipping name: Environmentally hazardous substance, solid, n.o.s. (Rosiglitazone maleate) |
| <b>Expiration Date</b>    | 12 months from date of receipt.                                                                                                                                                      |
