

## **Product Datasheet**

# Seli antibody (orb325559)

| Description            | Rabbit polyclonal antibody to Seli  |                            |
|------------------------|---|----------------------------|
| Species/Host           | Rabbit  | 90 kDa<br>65 kDa<br>40 kDa |
| Reactivity             | Canine, Equine, Human, Mouse, Porcine, Rat  | 29 kDa                     |
| Conjugation            | Unconjugated  | 22 KUa_                    |
| Tested<br>Applications | WB  | Western I<br>analysis o    |
| Immunogen              | The immunogen is a synthetic peptide directed towards the N-<br>terminal region of Rat Seli   | Small Inte                 |
| Target                 | SELENOI   |                            |
| Preservatives          | Liquid. Purified antibody supplied in 1x PBS buffer with 0.09% (w/v) sodium azide and 2% sucrose.                                     |                            |
| Form/Appearance        | Liquid. Purified antibody supplied in 1x PBS buffer with 0.09% (w/v) sodium azide and 2% sucrose.                                     |                            |
| Concentration          | 0.5 mg/ml   |                            |
| Storage                | For short term use, store at 2-8C up to 1 week. For long term storage, store at -2°C in small aliquots to prevent freeze-thaw cycles. |                            |
| Note                   | For research use only   |                            |
| Protein Sequence       | Synthetic peptide located within the following region:<br>FMLLVFNFLLLTYFDPDFYASAPGHKHVPDWVWIVVGILNFVAYTLDGVD                          |                            |
| Clonality              | Polyclonal  |                            |
| MW                     | 43kDa   |                            |
| NCBI                   | NP_001128226  |                            |
| Expiration Date        | 12 months from date of receipt.   |                            |
