

## Product Datasheet

### Stavudine (orb341939)

|                        |                                                                                                         |
|------------------------|---------------------------------------------------------------------------------------------------------|
| <b>Description</b>     | Stavudine is a nucleoside analog that inhibits reverse transcriptase and has in vitro activity again... |
| <b>Note</b>            | For research use only                                                                                   |
| <b>Formula</b>         | $C_{10}H_{12}N_2O_4$                                                                                    |
| <b>MW</b>              | 224.22                                                                                                  |
| <b>CAS Number</b>      | [3056-17-5]                                                                                             |
| <b>SMILES</b>          | <chem>OCC1OC(C=C1)N2C(=O)NC(=O)C(C)C2</chem>                                                            |
| <b>Expiration Date</b> | 12 months from date of receipt.                                                                         |
