

## Product Datasheet

### S1RA hydrochloride (orb342230)

|                        |                                                                                                                     |
|------------------------|---------------------------------------------------------------------------------------------------------------------|
| <b>Description</b>     | S1RA(E-52862) is a potent and selective sigma-1 receptor( $\sigma 1R$ , $K_i=17$ nM), showed good selectivity ag... |
| <b>Note</b>            | For research use only                                                                                               |
| <b>Formula</b>         | $C_{20}H_{24}ClN_3O_2$                                                                                              |
| <b>MW</b>              | 373.88                                                                                                              |
| <b>CAS Number</b>      | [1265917-14-3]                                                                                                      |
| <b>SMILES</b>          | <chem>CC1=CC(=NN1C2=CC3=CC=CC=C3C=C2)OCCN4CCOCC4.Cl</chem>                                                          |
| <b>Expiration Date</b> | 12 months from date of receipt.                                                                                     |
