

## **Product Datasheet**

Alanine Transaminase antibody (Peroxidase) (orb345043)

## www.biorbyt.com

**Description**nts. Alanine Transaminase antibody

Species/Host Sheep

**Reactivity** Porcine

Conjugation HRP

Tested ELISA, WB

**Applications** 

Immunogen Alanine Transaminase (ALT) [Pig Heart]

**Preservatives** 0.01% (w/v) Gentamicin Sulfate. Do

NOT add Sodium Azide!

Form/Appearance Liquid (sterile filtered)

**Concentration** 1 mg/mL

**Storage** Store vial at -20° C or below prior to

opening. This vial contains a relatively low volume of reagent (25  $\mu$ L). To minimize loss of volume dilute 1:10 by adding 225  $\mu$ L of the buffer stated above directly to the vial. Recap, mix thoroughly and briefly centrifuge to collect the volume at the bottom of the vial. Use this intermediate dilution when calculating final dilutions as recommended below. Store the vial at -20°C or below after dilution. Avoid cycles of freezing and thawing.

**Note** For research use only

**Application notes** Anti-Alanine Transaminase has been

assayed against 1.0 µg of Alanine
Transaminase (ALT) [Pig Heart] in a
standard capture ELISA using ABTS
(2,2'-azino-bis-[3-ethylbenthiazoline-6sulfonic acid]) code # ABTS-100 as a
substrate for 30 minutes at room
temperature. A working dilution of
1:1,000 to 1:3,000 of the reconstitution
concentration is suggested for this

product.

**Isotype** IgG

**Clonality** Polyclonal

Purity Alanine Transaminase is an IgG fraction

antibody purified from monospecific
