

## Product Datasheet

### Dofequidar (fumarate) (orb363979)

|                        |                                                                                                         |
|------------------------|---------------------------------------------------------------------------------------------------------|
| <b>Description</b>     | Dofequidar fumarate(MS-209 fumarate), an orally active quinoline compound, has been reported to over... |
| <b>Note</b>            | For research use only                                                                                   |
| <b>Formula</b>         | $C_{34}H_{35}N_3O_7$                                                                                    |
| <b>MW</b>              | 597.6576                                                                                                |
| <b>CAS Number</b>      | [153653-30-6]                                                                                           |
| <b>SMILES</b>          | <chem>OC(COC1=C2C=CC=NC2=CC=C1)CN3CCN(C(C(C4=CC=CC=C4)C5=CC=CC=C5)=O)CC3.O=C(O)/C=C/C(O)=O</chem>       |
| <b>Expiration Date</b> | 12 months from date of receipt.                                                                         |
