

## Product Datasheet

### EL102 (orb377564)

|                        |                                                                                                           |
|------------------------|-----------------------------------------------------------------------------------------------------------|
| <b>Description</b>     | EL-102 is a dual-inhibitor of apoptosis and angiogenesis, and exerts its action through the inhibitory... |
| <b>Note</b>            | For research use only                                                                                     |
| <b>Formula</b>         | $C_{19}H_{16}N_2O_3S_2$                                                                                   |
| <b>MW</b>              | 384.472                                                                                                   |
| <b>CAS Number</b>      | [1233948-61-2]                                                                                            |
| <b>SMILES</b>          | <chem>O=S(C1=CC=C(OC)C=C1)(NC2=CC(C3=CSC(C#N)=C3)=CC=C2C)=O</chem>                                        |
| <b>Expiration Date</b> | 12 months from date of receipt.                                                                           |
