

## Product Datasheet

### PLA2R1 antibody (orb41440)

|                            |                                                                            |
|----------------------------|----------------------------------------------------------------------------|
| <b>Description</b>         | PLA2R1 antibody                                                            |
| <b>Species/Host</b>        | Rabbit                                                                     |
| <b>Reactivity</b>          | Human                                                                      |
| <b>Conjugation</b>         | Unconjugated                                                               |
| <b>Tested Applications</b> | ELISA, WB                                                                  |
| <b>Immunogen</b>           | Recombinant Human Secretory phospholipase A2 receptor protein (870-1130AA) |
| <b>Target</b>              | PLA2R1                                                                     |
| <b>Preservatives</b>       | PBS with 0.02% sodium azide, 50% glycerol, pH7.3.                          |
| <b>Form/Appearance</b>     | Liquid                                                                     |
| <b>Storage</b>             | Upon receipt, store at -20°C or -80°C. Avoid repeated freeze.              |
| <b>Note</b>                | For research use only                                                      |
| <b>Isotype</b>             | IgG                                                                        |
| <b>Clonality</b>           | Polyclonal                                                                 |
| <b>Uniprot ID</b>          | <b>Q13018</b>                                                              |
| <b>Dilution Range</b>      | ELISA                                                                      |
| <b>Expiration Date</b>     | 12 months from date of receipt.                                            |
