

Product Datasheet

ACSS2 antibody (orb420369)

Description

ACSS2 antibody

Species/Host

Rabbit

Reactivity

Human

Conjugation

Unconjugated

Tested

ELISA, WB

Applications
Immunogen

ACSS2 affinity purified antibody was prepared from whole rabbit serum produced by repeated immunizations with synthetic peptide near the N-term of human ACSS2.

Preservatives

0.01% (w/v) Sodium Azide

Form/Appearance

Liquid (sterile filtered)

Concentration

1.01 mg/ml

Storage

Store vial at -20° C prior to opening. Aliquot contents and freeze at -20° C or below for extended storage. Avoid cycles of freezing and thawing. Centrifuge product if not completely clear after standing at room temperature. This product is stable for several weeks at 4° C as an undiluted liquid. Dilute only prior to immediate use.

Note

For research use only

Application notes

Anti-ACSS2 Antibody has been tested in Western Blot and ELISA. Expect a band at approximately 76 kDa in western blot using appropriate lysates. Positive control whole cell lysates used Hep-G2 at 1µg/mL for WB. Although not tested, this antibody is likely functional in immunohistochemistry, immunofluorescence, and immunoprecipitation.

Isotype

IgG

Clonality

Polyclonal

Purity

This affinity purified antibody is directed against human ACSS2 protein. Anti-ACSS2 Antibody to was affinity purified from monospecific antiserum by immunoaffinity chromatography. Blast analysis of the sequence of the immunogen shows 100% identity with human and 80% identity to mouse.
