

## Product Datasheet

### Human AGC ELISA Kit (Ready to Use) (orb549743)

|                          |                                                                                                             |
|--------------------------|-------------------------------------------------------------------------------------------------------------|
| <b>Description</b>       | Human Aggrecan (AGC) Sandwich ELISA Kit<br>Ready to Use: Pre-diluted detection reagents for convenient a... |
| <b>Reactivity</b>        | Human                                                                                                       |
| <b>Range</b>             | 0.468-30ng/mL                                                                                               |
| <b>Form/Appearance</b>   | Ready to Use                                                                                                |
| <b>Storage</b>           | All reagents should be stored at -20°C upon receipt                                                         |
| <b>Note</b>              | For research use only                                                                                       |
| <b>Application notes</b> | Pre-diluted detection reagents and enhanced stability serum, plasma or other biological fluids.             |
| <b>Sample Types</b>      | serum, plasma and other biological fluids.                                                                  |
| <b>Uniprot ID</b>        | <b>P16112</b>                                                                                               |
| <b>Sensitivity</b>       | 0.16ng/mL                                                                                                   |
| <b>Entrez</b>            | <b>176</b>                                                                                                  |
| <b>Expiration Date</b>   | Please enquire.                                                                                             |
