

## Product Datasheet

### Human CYP2C19 ELISA Kit (orb550451)

|                          |                                                                                                         |
|--------------------------|---------------------------------------------------------------------------------------------------------|
| <b>Description</b>       | Human Cytochrome P450 2C19 (CYP2C19)<br>Sandwich ELISA Kit                                              |
| <b>Reactivity</b>        | Human                                                                                                   |
| <b>Range</b>             | 0.156-10ng/mL                                                                                           |
| <b>Form/Appearance</b>   | Traditional                                                                                             |
| <b>Storage</b>           | All reagents should be kept according to the instructions on the packaging upon receipt.                |
| <b>Note</b>              | For research use only                                                                                   |
| <b>Application notes</b> | serum, plasma, tissue homogenates, cell lysates, cell culture supernates or other biological fluids.    |
| <b>Sample Types</b>      | serum, plasma, tissue homogenates, cell lysates, cell culture supernatants and other biological fluids. |
| <b>Sensitivity</b>       | 0.056ng/mL                                                                                              |
| <b>Expiration Date</b>   | Please enquire.                                                                                         |
