

## Product Datasheet

### Rat ALAS1 ELISA Kit (Ready to Use) (orb554612)

|                          |                                                                                                         |
|--------------------------|---------------------------------------------------------------------------------------------------------|
| <b>Description</b>       | Rat Aminolevulinate Delta Synthase 1 (ALAS1) Sandwich ELISA KitReady to Use: Pre-diluted detection r... |
| <b>Reactivity</b>        | Rat                                                                                                     |
| <b>Range</b>             | 0.781-50ng/mL                                                                                           |
| <b>Form/Appearance</b>   | Ready to Use                                                                                            |
| <b>Storage</b>           | All reagents should be stored at -20°C upon receipt                                                     |
| <b>Note</b>              | For research use only                                                                                   |
| <b>Application notes</b> | Pre-diluted detection reagents and enhanced stabilitytissue homogenates or other biological fluids.     |
| <b>Sample Types</b>      | tissue homogenates and other biological fluids.                                                         |
| <b>Uniprot ID</b>        | <b>P13195</b>                                                                                           |
| <b>Sensitivity</b>       | 0.36ng/mL                                                                                               |
| <b>Entrez</b>            | <b>65155</b>                                                                                            |
| <b>Expiration Date</b>   | Please enquire.                                                                                         |
