

## Product Datasheet

### fibulin 2 Antibody (orb556232)

|                            |                                                                                                                                                                                                                            |
|----------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Description</b>         | Rabbit polyclonal antibody to Fibulin 2                                                                                                                                                                                    |
| <b>Species/Host</b>        | Rabbit                                                                                                                                                                                                                     |
| <b>Reactivity</b>          | Human, Mouse, Rat                                                                                                                                                                                                          |
| <b>Conjugation</b>         | Unconjugated                                                                                                                                                                                                               |
| <b>Tested Applications</b> | IHC-P, WB                                                                                                                                                                                                                  |
| <b>Immunogen</b>           | Recombinant protein encompassing a sequence within the N-terminus region of human Fibulin 2. The exact sequence is proprietary.                                                                                            |
| <b>Target</b>              | Fibulin 2                                                                                                                                                                                                                  |
| <b>Preservatives</b>       | 0.025% ProClin 300. 1XPBS pH 7, 20% Glycerol                                                                                                                                                                               |
| <b>Form/Appearance</b>     | Liquid: 1XPBS, 1% rAlbumin, 20% Glycerol (pH7). 0.025% ProClin 300 was added as a preservative.                                                                                                                            |
| <b>Concentration</b>       | 0.22 mg/ml                                                                                                                                                                                                                 |
| <b>Storage</b>             | Store as concentrated solution. Centrifuge briefly prior to opening vial. For short-term storage (1-2 weeks), store at 4°C. For long-term storage, aliquot and store at -20°C or below. Avoid multiple freeze-thaw cycles. |
| <b>Note</b>                | For research use only                                                                                                                                                                                                      |
| <b>Isotype</b>             | IgG                                                                                                                                                                                                                        |
| <b>Clonality</b>           | Polyclonal                                                                                                                                                                                                                 |
| <b>Purity</b>              | Purified by antigen-affinity chromatography.                                                                                                                                                                               |
| <b>MW</b>                  | 127                                                                                                                                                                                                                        |
| <b>Uniprot ID</b>          | <b>P98095</b>                                                                                                                                                                                                              |
| <b>Dilution Range</b>      | WB: 1:500-1:3000 , IHC-P: 1:100-1:1000                                                                                                                                                                                     |
| <b>Expiration Date</b>     | 12 months from date of receipt.                                                                                                                                                                                            |
