

## Product Datasheet

### ZT-12-037-01 (orb611995)

|                        |                                                                                                         |
|------------------------|---------------------------------------------------------------------------------------------------------|
| <b>Description</b>     | ZT-12-037-01 is a potent, selective, ATP-competitive STK19 inhibitor with IC50 of 20.04 nM measured ... |
| <b>Note</b>            | For research use only                                                                                   |
| <b>Formula</b>         | $C_{21}H_{31}N_5O_2$                                                                                    |
| <b>MW</b>              | 385.512                                                                                                 |
| <b>CAS Number</b>      | [2328073-61-4]                                                                                          |
| <b>SMILES</b>          | <chem>COC1=CC2=NC(NC3CC3)=NC(NC4CCN(C(C)C)CC4)=C2C=C1OC</chem>                                          |
| <b>Expiration Date</b> | 12 months from date of receipt.                                                                         |
