| <b>Description</b>         | 10 nm Colloidal Gold Conjugated Protein G [Out of stock]                                                                                                                    |
| <b>Species/Host</b>        | Rabbit                                                                                                                                                                      |
| <b>Tested Applications</b> | EM, ICC, IHC-Fr, IHC-P                                                                                                                                                      |
| <b>Form/Appearance</b>     | Concentrated, Liquid                                                                                                                                                        |
| <b>Storage</b>             | At 4°C for one year.                                                                                                                                                        |
| <b>Note</b>                | For research use only                                                                                                                                                       |
| <b>Clonality</b>           | Polyclonal                                                                                                                                                                  |
| <b>Dilution Range</b>      | Electron Microscopy 1:20-50 <br>Immunohistochemistry(Paraffin-embedded Section) 1:50-100 <br>Immunohistochemistry(Frozen Section) 1:50-100 <br>Immunocytochemistry 1:50-100 |
| <b>Expiration Date</b>     | 12 months from date of receipt.                                                                                                                                             |
