

## Product Datasheet

### FNTB antibody (orb627097)

|                            |                                                                                                                       |
|----------------------------|-----------------------------------------------------------------------------------------------------------------------|
| <b>Description</b>         | Rabbit polyclonal antibody to FNTB                                                                                    |
| <b>Species/Host</b>        | Rabbit                                                                                                                |
| <b>Reactivity</b>          | Human, Mouse, Rat                                                                                                     |
| <b>Conjugation</b>         | Unconjugated                                                                                                          |
| <b>Tested Applications</b> | ELISA, IHC, IP, WB                                                                                                    |
| <b>Immunogen</b>           | farnesyltransferase, CAAX box, beta                                                                                   |
| <b>Form/Appearance</b>     | liquid                                                                                                                |
| <b>Storage</b>             | PBS with 0.02% sodium azide and 50% glycerol<br>pH 7.3, -20°C for 24 months (Avoid repeated<br>freeze / thaw cycles.) |
| <b>Note</b>                | For research use only                                                                                                 |
| <b>Isotype</b>             | IgG                                                                                                                   |
| <b>Clonality</b>           | Polyclonal                                                                                                            |
| <b>Purity</b>              | ≥95% as determined by SDS-PAGE                                                                                        |
| <b>MW</b>                  | 49 kDa                                                                                                                |
| <b>Uniprot ID</b>          | <b>P49356</b>                                                                                                         |
| <b>Dilution Range</b>      | WB: 1:500-1:2000; IP: 1:200-1:1000; IHC: 1:20-<br>1:200                                                               |
| <b>Expiration Date</b>     | 12 months from date of receipt.                                                                                       |
