

## Product Datasheet

### OATP2 Blocking Peptide (orb706148)

|                            |                                                                                                                                                                                                                                                                                                                 |
|----------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Description</b>         | The peptide is used to block Anti-OATP2 antibody <a href="https://www.biorbyt.com/slco1b1-antibody-o...">                                                                                                                                                                                                       |
| <b>Reactivity</b>          | Human                                                                                                                                                                                                                                                                                                           |
| <b>Tested Applications</b> | Blocking                                                                                                                                                                                                                                                                                                        |
| <b>Target</b>              | SLCO1B1                                                                                                                                                                                                                                                                                                         |
| <b>Form/Appearance</b>     | Lyophilized powder                                                                                                                                                                                                                                                                                              |
| <b>Storage</b>             | Shipped at 4°C. Store at -20°C for one year.                                                                                                                                                                                                                                                                    |
| <b>Note</b>                | For research use only                                                                                                                                                                                                                                                                                           |
| <b>Application notes</b>   | Quality Control: The quality of the peptide was evaluated by reversed-phase HPLC and by mass spectrometry.Directions for Use: Blocking Peptide to the diluted primary antibody in a molar ratio of 10:1 (peptide to antibody) and incubate the mixture at 4°C for overnight or at room temperature for 2 hours. |
| <b>Purity</b>              | > 85%                                                                                                                                                                                                                                                                                                           |
