# Hepatitis B Virus Receptor Binding Fragment peptide (orb71666)

|                         |                                                                                                             |
|-------------------------|-------------------------------------------------------------------------------------------------------------|
| <b>Description</b>      | Hepatitis B Virus Receptor Binding Fragment peptide                                                         |
| <b>Form/Appearance</b>  | White lyophilized powder                                                                                    |
| <b>Storage</b>          | Keep in cool and dry place                                                                                  |
| <b>Note</b>             | For research use only                                                                                       |
| <b>Protein Sequence</b> | Pro-Leu-Gly-Phe-Phe-Pro-Asp-His-Gln-Leu-Asp-Pro-Ala-Phe-Gly-Ala-Asn-Ser-Asn-Asn-Pro-Asp-Trp-Asp-Phe-Asn-Pro |
| <b>Purity</b>           | > 95%                                                                                                       |
| <b>Expiration Date</b>  | 12 months from date of receipt.                                                                             |
