

## Product Datasheet

### TMT1 antibody (orb852191)

|                            |                                                                                   |
|----------------------------|-----------------------------------------------------------------------------------|
| <b>Description</b>         | TMT1 antibody                                                                     |
| <b>Species/Host</b>        | Rabbit                                                                            |
| <b>Reactivity</b>          | Bacteria                                                                          |
| <b>Conjugation</b>         | Unconjugated                                                                      |
| <b>Tested Applications</b> | ELISA, WB                                                                         |
| <b>Immunogen</b>           | Recombinant Saccharomyces cerevisiae (strain YJM789) (Baker's yeast) TMT1 protein |
| <b>Target</b>              | TMT1                                                                              |
| <b>Preservatives</b>       | Preservative: 0.03% Proclin 300. Constituents: 50% Glycerol                       |
| <b>Form/Appearance</b>     | Liquid                                                                            |
| <b>Storage</b>             | Upon receipt, store at -20°C or -80°C. Avoid repeated freeze.                     |
| <b>Note</b>                | For research use only                                                             |
| <b>Isotype</b>             | IgG                                                                               |
| <b>Clonality</b>           | Polyclonal                                                                        |
| <b>Uniprot ID</b>          | <b>A6ZRD1</b>                                                                     |
| <b>Expiration Date</b>     | 12 months from date of receipt.                                                   |
