

## Safety Data Sheet

### Rabbit Anti BSA antibody

**Cat #: orb572846**

#### Product information

Product name: Rabbit Anti BSA antibody

Catalog number: orb572846

#### Main Chemical compositions

Rabbit anti BSA antibody orb572846;

PBS, containing 10mmol per mg solution;

NaCl, containing 150mmol per mg solution.

#### Hazard identification

No hazardous known

#### Uses of chemical compositions

Rabbit anti BSA antibody orb572846: used in immunoassays;

PBS, NaCl: used as the buffer to regulate osmotic pressure.

#### Main physicochemical properties

Balance osmotic pressure and maintain ionic strength.
