

## NEU2 rabbit pAb

Cat#: orb773797 (Manual)

For research use only. Not intended for diagnostic use.

Product Name NEU2 rabbit pAb

Host species Rabbit

Applications WB;ELISA

Species Cross-Reactivity Human; Rat; Mouse

**Recommended dilutions** WB 1:500-2000 ELISA 1:5000-20000

Immunogen Synthesized peptide derived from part region of human protein

Specificity NEU2 Polyclonal Antibody detects endogenous levels of protein.

**Formulation** Liquid in PBS containing 50% glycerol, and 0.02% sodium azide...

Storage Store at -20°C. Avoid repeated freeze-thaw cycles.

Protein Name Vasopressin-neurophysin 2-copeptin (AVP-NPII) [Cleaved into: Arg-

vasopressin (Arginine-vasopressin); Neurophysin 2 (Neurophysin-II);

Copeptin]

Gene Name AVP ARVP VP

Cellular localization Secreted.

**Purification** The antibody was affinity-purified from rabbit antiserum by affinity-

chromatography using epitope-specific immunogen.

**Clonality** Polyclonal

Concentration 1 mg/ml

Observed band 18kD

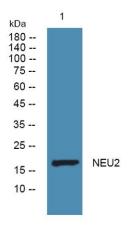

Human Gene ID 551

Human Swiss-Prot Number P01185

**Alternative Names** 

## **Background**

This gene encodes a member of the vasopressin/oxytocin family and preproprotein that is proteolytically processed to generate multiple protein products. These products include the neuropeptide hormone arginine vasopressin, and two other peptides, neurophysin 2 and copeptin. Arginine vasopressin is a posterior pituitary hormone that is synthesized in the supraoptic nucleus and paraventricular nucleus of the hypothalamus. Along with its carrier protein, neurophysin 2, it is packaged into neurosecretory vesicles and transported axonally to the nerve endings in the neurohypophysis where it is either stored or secreted into the bloodstream. The precursor is thought to be activated while it is being transported along the axon to the posterior pituitary. Arginine vasopressin acts as a growth factor by enhancing pH regulation through acid-base transport systems. It has a direct antidiuretic action on the ki

Western blot analysis of lysates from K562 cells, primary antibody was diluted at 1:1000, 4° over night
