

## Product Datasheet

# INSL5 Human Over-expression Lysate (orb1346543)

|                   |                                                                                                                                                                                                                                                          |
|-------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Catalog Number    | orb1346543                                                                                                                                                                                                                                               |
| Category          | Proteins                                                                                                                                                                                                                                                 |
| Description       | Transient overexpression lysate of insulin-like 5 (INSL5)                                                                                                                                                                                                |
| Target            | INSL5                                                                                                                                                                                                                                                    |
| Tag               | C-Myc/DDK                                                                                                                                                                                                                                                |
| UniProt ID        | <b>Q9Y5Q6</b>                                                                                                                                                                                                                                            |
| MW                | 15.3 kDa                                                                                                                                                                                                                                                 |
| Expression System | HEK293T                                                                                                                                                                                                                                                  |
| Source            | Human                                                                                                                                                                                                                                                    |
| Storage           | Ship with dry ice. Upon receiving, store the sample at -80°C. Avoid repeated freeze-thaw cycles. Lysate samples can be diluted with 2xSDS Sample Buffer provided. Lysate samples are stable for 12 months from the date of receipt when stored at -80°C. |
| Dry Ice Shipping  | <b>Please note: This product requires shipment on dry ice. A dry ice surcharge will apply.</b>                                                                                                                                                           |
| Note              | For research use only                                                                                                                                                                                                                                    |
| NCBI              | <b>NP_005469, NM_005478</b>                                                                                                                                                                                                                              |
