### GNDF Receptor alpha 1 (GFRA1) Human Over-expression Lysate (orb1353129)

|                        |                                                                                                                                                                                                                                                          |
|------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Catalog Number</b>  | orb1353129                                                                                                                                                                                                                                               |
| <b>Description</b>     | Transient overexpression lysate of GDNF family receptor alpha 1 (GFRA1), transcript variant 2                                                                                                                                                            |
| <b>Target</b>          | GNDF Receptor alpha 1                                                                                                                                                                                                                                    |
| <b>Storage</b>         | Ship with dry ice. Upon receiving, store the sample at -80°C. Avoid repeated freeze-thaw cycles. Lysate samples can be diluted with 2xSDS Sample Buffer provided. Lysate samples are stable for 12 months from the date of receipt when stored at -80°C. |
| <b>Tag</b>             | C-Myc/DDK                                                                                                                                                                                                                                                |
| <b>Note</b>            | For research use only                                                                                                                                                                                                                                    |
| <b>Source</b>          | Human                                                                                                                                                                                                                                                    |
| <b>MW</b>              | 48.3 kDa                                                                                                                                                                                                                                                 |
