

## Product Datasheet

# Donkey anti-Goat IgG Heavy and Light Chain Cross-Adsorbed Antibody (Cy5.5) (orb1520036)

|                            |                                                               |
|----------------------------|---------------------------------------------------------------|
| <b>Description</b>         | Goat IgG-Heavy and Light Chain Antibody                       |
| <b>Species/Host</b>        | Donkey                                                        |
| <b>Reactivity</b>          | Goat                                                          |
| <b>Conjugation</b>         | Cy5.5                                                         |
| <b>Tested Applications</b> | FC, ICC, IF, IHC                                              |
| <b>Target</b>              | Goat IgG-Heavy and Light Chain                                |
| <b>Preservatives</b>       | Phosphate Buffered Saline (PBS) containing 0.09% Sodium Azide |
| <b>Form/Appearance</b>     | Whole IgG                                                     |
| <b>Concentration</b>       | 0.5 mg/ml                                                     |
| <b>Storage</b>             | 2 - 8°C                                                       |
| <b>Note</b>                | For research use only                                         |
| <b>Application notes</b>   | Format: Whole IgG                                             |
| <b>Clonality</b>           | Polyclonal                                                    |
| <b>Antibody Type</b>       | Secondary Antibody                                            |
| <b>Dilution Range</b>      | IHC - 1:50 - 1:500; ICC - 1:50 - 1:500; IF - 1:50 - 1:500     |
| <b>Expiration Date</b>     | 12 months from date of receipt.                               |
