

## Product Datasheet

### 6X His tag Monoclonal Antibody [AD1.1.10] - 50ul / Biotin (BTN) (orb1727911)

|                        |                                                                                                |
|------------------------|------------------------------------------------------------------------------------------------|
| <b>Description</b>     | Mouse Anti-6X His tag [AD1.1.10]: Biotin                                                       |
| <b>Species/Host</b>    | Mouse                                                                                          |
| <b>Conjugation</b>     | Unconjugated                                                                                   |
| <b>Immunogen</b>       | PAX6 transcription factor linked to histidine tag                                              |
| <b>Target</b>          | 6X His tag                                                                                     |
| <b>Preservatives</b>   | Purified antibody (from supernatant) containing PBS + 0.09% sodium azide, conjugated to Biotin |
| <b>Concentration</b>   | 1mg/ml                                                                                         |
| <b>Note</b>            | For research use only                                                                          |
| <b>Isotype</b>         | IgG1                                                                                           |
| <b>Clonality</b>       | Monoclonal                                                                                     |
| <b>Clone Number</b>    | AD1.1.10                                                                                       |
| <b>Expiration Date</b> | 12 months from date of receipt.                                                                |
