

Product Datasheet

Human Beclin 1 (BECN1) ELISA Kit (orb1807665)

Catalog Number	orb1807665
Category	Assays and Kits
Description	Human Beclin 1 (BECN1) ELISA Kit
Target	BECN1
Reactivity	Human
UniProt ID	Q14457
Application notes	<p>This ELISA kit uses the Sandwich-ELISA principle. The micro ELISA plate provided in this kit has been pre-coated with an antibody specific to Human BECN1. Standards or samples are added to the micro ELISA plate wells and combined with the specific antibody. Then a biotinylated detection antibody specific for Human BECN1 and Avidin-Horseradish Peroxidase (HRP) conjugate are added successively to each micro plate well and incubated. Free components are washed away. The substrate solution is added to each well. Only those wells that contain Human BECN1, biotinylated detection antibody and Avidin-HRP conjugate will appear blue in color. The enzyme-substrate reaction is terminated by the addition of stop solution and the color turns yellow. The optical density (OD) is measured spectrophotometrically at a wavelength of 450 nm \pm 2 nm. The OD value is proportional to the concentration of Human BECN1. You can calculate the concentration of Human BECN1 in the samples by comparing the OD of the samples to the standard curve.</p>
Assay Type	Sandwich
Assay Time	3.5H
Standard	10ng/mL
Range	0.16-10ng/mL

Biorbyt Ltd.

Sensitivity	0.10 ng/mL
Sample Types	Tissue homogenate and Cell lysate
Note	For research use only
Expiration Date	6 months from date of receipt.
