

## Product Datasheet

### CRIPTO (TDGF1) Antibody (N-term) (orb1931759)

|                            |                                                                                                                                                                                        |
|----------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Description</b>         | Purified Rabbit Polyclonal Antibody (Pab)                                                                                                                                              |
| <b>Species/Host</b>        | Rabbit                                                                                                                                                                                 |
| <b>Reactivity</b>          | Human                                                                                                                                                                                  |
| <b>Conjugation</b>         | Unconjugated                                                                                                                                                                           |
| <b>Tested Applications</b> | IHC-P, WB                                                                                                                                                                              |
| <b>Target</b>              | This CRIPTO (TDGF1) antibody is generated from rabbits immunized with a KLH conjugated synthetic peptide between 18-48 amino acids from the N-terminal region of human CRIPTO (TDGF1). |
| <b>Form/Appearance</b>     | Purified polyclonal antibody supplied in PBS with 0.09% (W/V) sodium azide. This antibody is purified through a protein A column, followed by peptide affinity purification.           |
| <b>Storage</b>             | Maintain refrigerated at 2-8°C for up to 2 weeks. For long term storage store at -20°C in small aliquots to prevent freeze-thaw cycles                                                 |
| <b>Note</b>                | For research use only                                                                                                                                                                  |
| <b>Isotype</b>             | Rabbit IgG                                                                                                                                                                             |
| <b>Clonality</b>           | Polyclonal                                                                                                                                                                             |
| <b>Clone Number</b>        | RB3957                                                                                                                                                                                 |
| <b>Antibody Type</b>       | Primary Antibody                                                                                                                                                                       |
| <b>MW</b>                  | 21169 Da                                                                                                                                                                               |
| <b>Uniprot ID</b>          | <b>P13385</b>                                                                                                                                                                          |
| <b>NCBI</b>                | <b>NP_001167607.1, NP_003203.1</b>                                                                                                                                                     |

**Dilution Range** WB: 1:1000, IHC-P: 1:50~100

**Expiration Date** 12 months from date of receipt.

Formalin-fixed and paraffin-embedded human cancer tissue reacted with the primary antibody, which was peroxidase-conjugated to the secondary antibody, followed by AEC staining. This data demonstrates the use of this antibody for immunohistochemistry; clinical relevance has not been evaluated. BC = breast carcinoma; HC = hepatocarcinoma.

Western blot analysis of CRIPTO (TDGF1) Antibody (N-term) in Jurkat cell line lysates (35 ug/lane). TDGF1 (arrow) was detected using the purified Pab.
