| <b>Description</b>         | Mouse Rho Associated Coiled Coil Containing Protein Kinase 1 (Rock1) ELISA Kit                                                                                                                                                                    |
| <b>Reactivity</b>          | Mouse                                                                                                                                                                                                                                             |
| <b>Tested Applications</b> | ELISA                                                                                                                                                                                                                                             |
| <b>Note</b>                | For research use only                                                                                                                                                                                                                             |
| <b>Application notes</b>   | Detect Range: 15.6-1000 pg/mL. Sensitivity: 5.9 pg/mL. Assay Time: 1-4.5 h. Detection wavelength: 450 nm. Sample Volume: 50 µL. Sample Type: serum, plasma, tissue homogenates, cell lysates, cell culture supernates or other biological fluids. |
| <b>Expiration Date</b>     | Please enquire.                                                                                                                                                                                                                                   |
