

Product Datasheet

Dendroaspis Viridis Venom (orb1981851)

Catalog Number	orb1981851
Category	Small Molecules
Description	Dendroaspis viridis venom (Western Green Mamba Venom) is derived from Dendroaspis viridis (western green mamba) and can isolate various subtypes of muscarinic toxins that target different mAChR subtypes. This venom is a complex blend of small molecules, peptides, and proteins with neurotoxic, cytotoxic, cardiotoxic, musculotoxic activities, and possesses enzyme actions. Research has demonstrated that it also has antitumor, antibacterial, anticoagulant, and analgesic properties.
Target	Others
Storage	-20°C
Note	For research use only
