

## **Product Datasheet**

## Sheep anti Rabbit L-Lactic dehydrogenase LDH-5 (M4) isozyme, conjugated with Biotin (orb21163)

Catalog Number orb21163

**Description**Biotin-conjugated IgG fraction of polyclonal sheep antiserum to L-lactic

dehydrogenase, LDH-5(M4) isoenzyme, from rabbit muscle. This product is intended for use in precipitating and non-precipitating antibody-binding assays

(such as e.g., ELISA and Western blotting and immunofluorescence or

histochemical techniques).

Species/Host Sheep

**Reactivity** Rabbit

**Conjugation** Biotin

**Preservatives**Biotin-coupled hyperimmune sheep IgG lyophilised from a solution in phosphate

buffered saline (PBS, pH 7.2). No preservative added, as it may interfere with the

antibody activity. No foreign protein added.

**Form/Appearance** Biotin-coupled hyperimmune sheep IgG lyophilised from a solution in phosphate

buffered saline (PBS, pH 7.2). No preservative added, as it may interfere with the

antibody activity. No foreign protein added.

**Storage** The lyophilised conjugate is shipped at ambient temperature and may be stored

at +4°C; prolonged storage at or below -20°C. Prior to use, an aliquot is thawed slowly at ambient temperature, spun down again and used to prepare working dilutions by adding sterile phosphate buffered saline (PBS, pH 7.2). Repeated thawing and freezing should be avoided. Working dilutions should be stored at +4°C, not refrozen, and preferably used the same day. If a slight precipitation occurs upon storage, this should be removed by centrifugation. It will not affect

the performance of the product.

**Note** For research use only

**Clonality** Polyclonal

**Antibody Type** Primary Antibody

**Source** L-Lactic dehydrogenase, LDH-5(M4) isoenzyme, isolated and purified from rabbit

muscle. Freund's complete adjuvant is used in the first step of the immunization

procedure.

Uniprot ID P13491

**Hazard Information** This product is intended FOR RESEARCH USE ONLY, and FOR TESTS IN VITRO,

not for use in diagnostic or therapeutic procedures involving humans or animals. This datasheet is as accurate as reasonably achievable, but Biorbyt accepts no

liability for any inaccuracies or omissions in this information.

**Expiration Date** 12 months from date of receipt.
