

## Product Datasheet

### Calreticulin/CALR Rabbit Polyclonal Antibody (Biotin) (orb2608639)

|                             |                                                                                                              |
|-----------------------------|--------------------------------------------------------------------------------------------------------------|
| <b>Catalog Number</b>       | orb2608639                                                                                                   |
| <b>Category</b>             | Antibodies                                                                                                   |
| <b>Description</b>          | Calreticulin/CALR Rabbit Polyclonal Antibody (Biotin)                                                        |
| <b>Target</b>               | Calreticulin                                                                                                 |
| <b>Clonality</b>            | Polyclonal                                                                                                   |
| <b>Species/Host</b>         | Rabbit                                                                                                       |
| <b>Isotype</b>              | Rabbit IgG                                                                                                   |
| <b>Conjugation</b>          | Biotin                                                                                                       |
| <b>Reactivity</b>           | Human, Mouse, Rat                                                                                            |
| <b>Form/Appearance</b>      | Liquid                                                                                                       |
| <b>Buffer/Preservatives</b> | Each vial contains 50% glycerol, 0.9% NaCl, 0.2% Na <sub>2</sub> HPO <sub>4</sub> , 0.02% NaN <sub>3</sub> . |
| <b>Purification</b>         | Immunogen affinity purified.                                                                                 |
| <b>Immunogen</b>            | E.coli-derived human Calreticulin/CALR recombinant protein (Position: E18-S323).                             |
| <b>UniProt ID</b>           | <b>P27797</b>                                                                                                |
| <b>Dilution range</b>       | The intended application should be selected according to the customer's experimental requirements.           |
| <b>Specificity</b>          | No cross reactivity with other proteins.                                                                     |

|                         |                                                                                  |
|-------------------------|----------------------------------------------------------------------------------|
| <b>Cross Reactivity</b> | No cross-reactivity with other proteins.                                         |
| <b>Antibody Type</b>    | Primary Antibody                                                                 |
| <b>Storage</b>          | At -20°C for one year from date of receipt. Avoid repeated freezing and thawing. |
| <b>Note</b>             | For research use only                                                            |
| <b>Expiration Date</b>  | 12 months from date of receipt.                                                  |
