### Mouse Epas1 Antibody (orb2631136)

|                            |                                                                                                                                                                               |
|----------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Description</b>         | This Mouse Epas1 antibody is generated from a rabbit immunized with a KLH conjugated synthetic peptide between 713-747 amino acids from the C-terminal region of Mouse Epas1. |
| <b>Species/Host</b>        | Rabbit                                                                                                                                                                        |
| <b>Reactivity</b>          | Human, Mouse, Rat                                                                                                                                                             |
| <b>Conjugation</b>         | Unconjugated                                                                                                                                                                  |
| <b>Tested Applications</b> | WB                                                                                                                                                                            |
| <b>Immunogen</b>           | This Mouse Epas1 antibody is generated from a rabbit immunized with a KLH conjugated synthetic peptide between 713-747 amino acids from the C-terminal region of Mouse Epas1. |
| <b>Target</b>              | Mouse Epas1                                                                                                                                                                   |
| <b>Concentration</b>       | Approximately 1mg/ml (varies from batch to batch). Please inquire for precise concentration.                                                                                  |
| <b>Storage</b>             | Maintain refrigerated at 2-8°C for up to 2 weeks. For long term storage store at -20°C in small aliquots to prevent freeze-thaw cycles.                                       |
| <b>Note</b>                | For research use only                                                                                                                                                         |
| <b>Isotype</b>             | Rabbit IgG                                                                                                                                                                    |
| <b>Clonality</b>           | Polyclonal                                                                                                                                                                    |
| <b>Antibody Type</b>       | Primary Antibody                                                                                                                                                              |
| <b>MW</b>                  | 96.7kDa                                                                                                                                                                       |
| <b>Uniprot ID</b>          | <b>P97481</b>                                                                                                                                                                 |
| <b>Entrez</b>              | <b>13819</b>                                                                                                                                                                  |
