

Product Datasheet

Recombinant TSH beta Antibody / TSHB (orb2635714)

Catalog Number	orb2635714
Category	Antibodies
Description	The four human glycoprotein hormones chorionic gonadotropin (CG), luteinizing hormone (LH), follicle stimulating hormone (FSH), and thyroid stimulating hormone (TSH) are dimers consisting of alpha and beta subunits that are associated non-covalently. The alpha subunits of these hormones are identical; however, their beta chains are unique and confer biological specificity. TSH is synthesized and secreted by thyrotrope cells in the anterior pituitary gland which regulates the endocrine function of the thyroid gland. TSH stimulates the thyroid gland to secrete the hormones thyroxine (T4) and triiodothyronine (T3). TSH production is controlled by a Thyrotropin-Releasing Hormone (TRH), which is manufactured in the hypothalamus and transported to the pituitary gland, where it increases TSH production and release. Somatostatin is also produced by the hypothalamus and has an opposite effect on the pituitary production of TSH, decreasing or inhibiting its release. TSH is a useful marker in classification of pituitary tumors and the study of pituitary disease.
Clonality	Recombinant
Species/Host	Rabbit
Isotype	Rabbit IgG1, kappa
Conjugation	Unconjugated
Reactivity	Human
Immunogen	A recombinant human TSH beta protein fragment was used as the immunogen for the recombinant TSH beta antibody.
UniProt ID	P01222
Tested applications	IHC-P

Dilution range	Immunohistochemistry (FFPE): 1-2ug/ml
Application notes	Optimal dilution of the recombinant TSH beta antibody should be determined by the researcher.
Antibody Type	Primary Antibody
Clone Number	TSHb/7001R
Formula	1 mg/ml in 1X PBS; BSA free, sodium azide free
Storage	Maintain refrigerated at 2-8°C for up to 2 weeks. For long term storage store at -20°C in small aliquots to prevent freeze-thaw cycles.
Note	For research use only

SDS-PAGE analysis of purified, BSA-free recombinant TSH beta antibody (clone TSHb/7001R) as confirmation of integrity and purity.
