

Product Datasheet

Rat GLP1R(Glucagon Like Peptide 1 Receptor) Microsample ELISA Kit (orb2997581)

Catalog Number	orb2997581
Category	Assays and Kits
Description	Rat GLP1R(Glucagon Like Peptide 1 Receptor) Microsample ELISA Kit
Reactivity	Rat
UniProt ID	P32301
Application notes	<p>The test principle applied in this kit is Sandwich enzyme immunoassay. The microtiter plate provided in this kit has been pre-coated with an antibody specific to Rat GLP1R. Standards or samples are added to the appropriate microtiter plate wells then with a biotin-conjugated antibody specific to Rat GLP1R. Next, Avidin conjugated to Horseradish Peroxidase (HRP) is added to each microplate well and incubated. After TMB substrate solution is added, only those wells that contain Rat GLP1R, biotin-conjugated antibody and enzyme-conjugated Avidin will exhibit a change in color. The enzyme-substrate reaction is terminated by the addition of sulphuric acid solution and the color change is measured spectrophotometrically at a wavelength of 450nm \pm 10nm. The concentration of Rat GLP1R in the samples is then determined by comparing the OD of the samples to the standard curve.</p>
Assay Type	Sandwich
Assay Time	3.5h
Range	0.16-10 ng/mL
Sensitivity	0.056 ng/mL
Sample Types	Tissue homogenates, cell lysates and other biological fluids
