

Product Datasheet

Rat PPAR γ C1a(Peroxisome Proliferator Activated Receptor Gamma Coactivator 1 Alpha) Microsample ELISA Kit (orb2997959)

Catalog Number	orb2997959
Category	Assays and Kits
Description	Rat PPAR γ C1a(Peroxisome Proliferator Activated Receptor Gamma Coactivator 1 Alpha) Microsample ELISA Kit
Reactivity	Rat
UniProt ID	Q9QYK2
Application notes	<p>The test principle applied in this kit is Sandwich enzyme immunoassay. The microtiter plate provided in this kit has been pre-coated with an antibody specific to Rat PPARγC1a. Standards or samples are added to the appropriate microtiter plate wells then with a biotin-conjugated antibody specific to Rat PPARγC1a. Next, Avidin conjugated to Horseradish Peroxidase (HRP) is added to each microplate well and incubated. After TMB substrate solution is added, only those wells that contain Rat PPARγC1a, biotin-conjugated antibody and enzyme-conjugated Avidin will exhibit a change in color. The enzyme-substrate reaction is terminated by the addition of sulphuric acid solution and the color change is measured spectrophotometrically at a wavelength of 450nm \pm 10nm. The concentration of Rat PPARγC1a in the samples is then determined by comparing the OD of the samples to the standard curve.</p>
Assay Type	Sandwich
Assay Time	3.5h
Range	0.32-20 ng/mL
Sensitivity	0.126 ng/mL

Biorbyt Ltd.

Sample Types tissue homogenates, cell lysates and other biological fluids

Note For research use only

Expiration Date 6 months from date of receipt.

Standard curve for orb2997959 ELISA kit.
